CAREER OBJECTIVE

I enjoy exploring new programming languages, participating in coding challenges, and collaborating with fellow programmers on innovative projects. Aspiring to enhance my skills in web development and artificial intelligence to contribute to innovative projects that solve real-world problems.

WORK EXPERIENCE

Web Development • Internship
CodSoft, Virtual

Nov 2024 - Present

EDUCATION

B.Tech, Computer Science & Engineering (AI&ML)
KIET Group Of Institutions

2023 - 2027

Senior Secondary (XII), CBSE
Vivekanand Mission Vidyapeeth, Madhubani
Percentage: 75.80%

2021

Secondary (X), CBSE
Regional Secondary School, Madhubani
Percentage: 76.80%

2019

PROJECTS

[REALIFY - Virtual-Try-Before-You-Buy ↗](#)
Oct 2024 - Nov 2024

It is a web AR based Project in which one can see the object in real world using their devices such as mobile phones and Tabs. In this project I am working as an Web-Developer with a team of other two Web-Developers and one AR Developer.

[TIC-TAC-TOE ↗](#)
Aug 2024

TIC-TAC-TOE TIC-TAC-TOE Aug 2024 - Aug 2024Aug 2024 - Aug 2024 Associated with STBG Academy Associated with STBG Academy This project was a great learning experience where I got to apply and deepen my understanding of key programming concepts such as: • Ternary Operators • Functions • Arrays • Loops • Conditionals Building this classic game was both challenging and rewarding. It allowed me to sharpen my problem-solving skills and gain hands-on experience in structuring code effectively.

[NetFlix Clone ↗](#)
Sep 2024 - Oct 2024

Upon landing on the site, you'll be greeted by a sleek and modern interface reminiscent of the original Netflix design. The homepage features an eye-catching banner showcasing popular movies and series. At the mid, you'll find the Get Started button. •Getting Started: When you click the Get Started button, you'll be seamlessly redirected to the Netflix home page, where a vast library of movies and shows is displayed. Here, you can explore various categories such as Trending, Action, Horror and Comedy movies banner. This clone not only mimics the aesthetic of the original Netflix but also aims to provide a user-friendly experience, showcasing my skills in HTML, CSS, and responsive design.

[BANKING MANAGEMENT ↗](#)
Aug 2024

This project allowed me to dive deep into file handling, user authentication, and basic banking operations, all while reinforcing my understanding of core programming concepts. Key Features: •Employee Authentication: Secure login system for employees using ID and password. •Account Management: Create, update, and check account details with ease. •Transactions: Seamlessly withdraw, deposit, and transfer money between accounts. •Data Handling: Efficient use of file handling to store and retrieve account information.

SKILLS

- JavaScript
- C++ Programming
- HTML
- Python
- CSS
- C Programming

EXTRA CURRICULAR ACTIVITIES

- GSSoc Extd. 2024 Contributor
- Member @ DevUp.

ADDITIONAL DETAILS

- Secured 1st rank in the Hacker-rank test organized by KIET Gropus of Institution AI&ML Department.
- Secured 2nd rank in the C-programming test Organized by STBG.
- I have completed an online workshop on Generative AI organised by Intellipaat.
- I had participated in the CONVENTUS TECHNICUS Bootcamp organized by DevUp.
