- Secondary (X), CBSE Board

Madhuabani, Bihar
April 2018 – March 2019

SKILLS

Languages: HTML, CSS, JavaScript, C++, Python, C

Tools: Bootstrap, GitHub, Figma, VS Code

PROJECTS

Spotify Clone

Interactive Music Streaming Platform

github.com/SpotifyClone

HTML, CSS, JS

- Built a fully responsive music streaming platform with play, pause, next/previous track controls, and volume adjustment.
- Integrated album selection, interactive UI, and seamless playback for smooth navigation.

NetFlix Clone

Web Development Project

github.com/NetFlixClone

HTML, CSS

- Designed a responsive UI with optimized performance, featuring trending movies, TV shows, and category sections.
- Implemented hover effects and ensured full responsiveness for seamless mobile usability.

Banking Management System

Banking Operations Automation

github.com/BankingManagement

C, File Handling

- Developed a system with account creation, updates, balance inquiry, and secure transactions.
- Implemented ID-password authentication and file handling for data storage and retrieval.

LEADERSHIP/EXPERIENCE

Team Work

Innotech – Annual Technical Fest

- Developed an AR-based e-commerce website for real-time product visualization, recognized as one of the department-level finalist for innovation.

Web Developer Intern

CodSoft

Nov 2024 – Dec 2024

Remote

- Developed a personal portfolio, functional calculator, and landing page using JavaScript, HTML, and CSS.
- Gained hands-on experience in web technologies including HTML5, CSS3, JavaScript, and responsive design techniques.

ACHIEVEMENTS

- C-Language (Secured 2nd Rank)
- Top 5 among 200+ students in many coding contests.
